## Picture *your* LUMINEERS<sup>®</sup> smile

Imagine yourself with a great smile. Now...actually see it with a LUMISmile digital smile makeover! LUMISmile gives you the unique opportunity of seeing your gapped, stained or crooked teeth transformed into the full, white, straight smile you've always wanted. It's fun and exciting and only takes 30 minutes.

With two options, LUMISmile shows you previews of your enhanced smile with LUMINEERS veneers and with whitening. Once you see how amazing you look with either of these options, you'll realize what your smile has been missing.

If you've ever considered improving your smile, even for a brief moment, now's your chance to actually see yourself with those improvements. LUMISmile will eliminate the doubt and illuminate your amazing LUMINEERS smile!

We would love to show you your new smile. Contact us to see how LUMINEERS can give you a confident, new outlook on life.
